WWW.SURFTECH.COM

Welcome to the First Annual NorCal Women's Surf Fest

We would like to thank contestants and everyone for coming out to Pacifica to celebrate and support women's surfing. Pacifica is a special place for us, as it is home to some of the earliest female surfers in the state of California...But what makes today truly special is the people who come together to compete -- they always end up creating an exciting atmosphere filled with the spirit of Aloha, sportsmanship, and camaraderie.

We are at an exciting time in the history of women's surfing, given all the recent momentum fueled by movies, reality TV shows, and the visibility of women surf pros. New generations of women surfers, young and old, are entering the waves alongside the generations who have been surfing a long time. We ARE the new future of the sport, and we are the key to keeping surfing fun, while respecting the generosity and feeling of family that exists in our intimate surf community.

Surfing is a special gift that we have. It's up to us to ensure that our oceans remain wonderful places to revel in.

And remember, today, as you contribute to the raffle or participate in our activities, you are supporting local women's surfing and local Surfrider Foundation chapters -- San Francisco, San Mateo County and Marin County.

We would like to thank our many sponsors, volunteers, and friends for helping us make the NorCal Women's Surf Fest a fantastic event. We are especially grateful to Kris Schuman of Cold Water Surf Club and Izzy Szczepaniak of Pedro Point Surf Club, both of whom have lent their years of deep wisdom, experience with surf competitions, and affiliation with the Coalition of Surfing Clubs to help make this unique event possible for the Northern California surf community.

Lastly, a huge thank you goes to our tireless club members, whose efforts have gone above and beyond the call of duty to make this Surf Fest a true celebration of women and surfing. And special thanks goes to Annadel Fifeld and the Women On Board crew (now merged with the NorCal Women's Surf Club), whose 2002 Festival inspired us to continue the tradition.

See you in the water!

AWARDS BANQUET AT SEABOWL - 6:00 PM

4625 Coast Highway, Pacifica, California
Tel: (650) 738-8190

Just 0.5 miles north of the Linda Mar Beach parking lot and Crespi Drive. Exit the lot and turn left.

Our awards banquet will be held at the special banquet room of the Sea Bowl, a hip bowling alley complete with good food and drinks, as well as bowling, billiard room and video arcade center. The Sea Bowl's bar features a view of the ocean and is a favorite of locals. Drinks may be purchased at the bar and brought into the banquet room. Parking is plentiful. After the heats finish, come out for drinks and games. We'll make an announcement over the PA at Sea Bowl when the banquet starts at 6pm.

SURF CONTEST RULES & REGULATIONS

These rules are based on the Coalition of Surfing Clubs' Contest Rules (www.surfclubs.org) and are intended to put the focus on a surfer's skill, control and style while riding a wave. The rules are also designed to encourage wave judgment.

1. **CHECK-IN** – All contestants must check-in a half-hour before their heat to sign two waivers.
 2. **HEATS** are 15 minutes. Final heats are 20 minutes.
 3. **Each heat will begin and end** with one horn blast and display of a green flag. A five-minute warning will be given with TWO horn blasts and display of a yellow flag. At the conclusion of the heat, competitors will immediately return to the beach as the next heat begins. If a competitor stands up before the beginning of the heat, he/she will receive a "0" score for his/her highest scoring wave in that heat. Exiting competitors must not stand up after the conclusion of their heat. Violation of this will result in a deduction of the lowest scoring wave of the competitor's heat total.
 4. **In all water starts**, competitors may enter the water at the five-minute warning (two horn blasts and a yellow flag). Competitors waiting for their heat to start must stay clear of the heat in progress. Failure to do so will result in a paddling interference, with a loss of the lowest scoring wave in that competitor's wave total.
 5. **EQUIPMENT** – Longboards are at least 9'0 or at least 3 ft over contestant's head. Shortboards are 2 ft or less over contestant's head. No paddling gloves are permitted. Cords are optional. Contestants assume responsibility for not using a leash.
 6. **WAVE COUNT** – Maximum wave count and number of scoring waves will be set based on contest surf conditions. Contestants will be advised of the maximum total of waves they may catch prior to the commencement of the heat. Upon reaching the maximum wave totals, competitors will exit the water. Wave count is YOUR responsibility.
 7. **INTERFERENCE & WAVE POSSESSION**
 - a) **The first rider up, closest to the curl, has wave possession.** In the event that two riders stand up at the same time, the rider closest to the curl has possession. (a standard point break rule).
 - b) **In the event that two riders stand up on an unbroken wave, the first competitor up has possession.** (a standard reef and beach break rule). The other rider may take off in the opposite direction. To have possession of a wave, the rider must be on his/her feet in front of or in the curl after the first turn. Any action which impedes a contestant riding or taking off on a wave by dropping in, taking off, or paddling in front of the rider in possession will result in a SURFING INTERFERENCE and the infringer will lose his/her highest scoring wave in that heat. In cases where a rider is in front of another unknowingly or so appears to judges and if the rider exits with no impedance, no interference shall be called. (No harm, no foul).
 8. **SNAKE RULE** – Paddling in front, around, or behind a competitor to impede and take wave possession is known as snaking. This interference results in a loss of the highest scoring wave in the competitor's heat.
 9. **JUDGING** will be on a 10-point system with half points. Competitors will be judged on style, wave selection, length of ride and controlled functional maneuvers. Shuffling, hopping back and forth and flapping on the surfboard will be considered poor style and will not be scored as high as walking or stylish radical maneuvers.
 10. **PROTESTS** must be filed in writing and placed in a protest box or tin within 30 minutes of the conclusion of the heat in question. You must speak with a contest director or the head judge (Kris Schuman) only.
 11. **SPORTSMANSHIP** – All contestants must demonstrate good sportsmanship. Any contestant who argues with a judge's decision, uses profanity, fights, is overly aggressive to the point where judges think that it is not in the best interest of the conflict, that individual will be disqualified.
 12. **MENEHUNE DIVISION WITH PARENT** – A parent is permitted to push the young contestant into the waves.
 13. **NOVICE ELIGIBILITY** – Novice surfers must be able to catch a wave, stand up and ride the wave for some distance. Novices may be able to turn a bit and typically falls off during or at the end of the wave. If you can do multiple cutbacks, walk the nose, or do drop-knee turns, you are NOT a novice. If the judges deem that you do not belong in the Novice Division, you will not receive a score.
 14. **SF STYLE SESSION** – Where Bay-To-Breakers Meets Surf Contest! Costumes required for men & women. Show us your creative style!
Men must surf in a skirt, dress or female costume. Prizes for best costumes & surfing prowess/style!
 15. **QUESTIONS** – Email Fest@wildcardgroup.com or call 415-990-1606.

SURF FEST IS HOSTED BY

About the NorCal Women's Surf Club

Founded in 2001, we are a volunteer-run organization dedicated to celebrating women's surfing in Northern California. We support a community of over 150 women who include shortboarders and longboarders, from experts to beginners. Our goal is to responsibly support the growing local interest in surfing among women. We regularly produce a range of events - from local surf days & surf camping trips to ding repair instruction, contest skill clinics and more.

What We Do

NorCal Women's Surf Club hosts both informal get-togethers, and more formal fundraising events, such as the 2002 Surf Festival. Some events, such as the 2002 Surf Festival, are held in conjunction with other organizations such as Surfrider foundation. These events unite women from San Francisco and the bay area who have a common interest in surfing, fitness, health and environmental awareness in a positive, encouraging environment. Newcomers to the sport have the chance to meet other people in the community, ask questions, and have fun. Experienced surfers have the opportunity to meet others at their level and support women who are developing their skills. **Men** are also welcome to participate in many of our events.

Where We're Located

NCWSC is headquartered in San Francisco, although surfers from the surrounding Bay Area are all welcome. Events take place all over the San Francisco Bay Area.

How To Become A Member

Membership is free! Join the Yahoo! group and you will receive e-mails updates from NorCal Women's Surf Club about future events and happenings. To view the postings or subscribe to the group, visit www.ncwsc.com or www.NorCalWomensSurfClub.com

Upcoming Events

Stay tuned for these events Silver Surf Jewelry Design with Precious Metal Clay (November 2003), camping trips to Bolinas and San Onofre, surf safaris to Mexico with pro Terry Simms and Vancouver Islands (fall 2004), a "Meet the Shapers" and "Meet the Manufacturers series, Board Shaping 101 & Factory Tour with Vic Otten, a style clinic with Wingnut, and more.

2003 RESULTS

A BIG THANKS TO THE CORE EVENT STAFF

Our First Annual NorCal Women's Surf Fest was a great success, thanks to the hard work and long hours contributed by the core event organizing team from the NorCal Women's Surf Club, its co-founder Anne Moellering, and Mary Osborne.

On Saturday, September 13th, Linda Mar was bestowed with excellent, 3-5 foot waves, infectious aloha, warm sunny weather, and families with kids abound. Our Surf Fest was a fantastic showcase and celebration of Northern California women's surfing. Our event drew over seventy contestants from Santa Cruz to Mendocino, whose ages ranged from 6 to 53 years old.

We also had 75 surf clinic students taking lessons, 500-plus spectators in attendance, and 54 sponsors involved. Surf Fest was quite a vibrant scene. Men surfing in drag – which was inspired by San Francisco's annual Bay-to-Breakers costumed foot race – as well as surfer's yoga sessions, massages, and a hundred-plus raffle prizes were also all part of the day's activities.

We also had received good coverage from the media – NBC11, Live 105, KGO Radio, Telemundo (for Adrenalina TV) , Surf Life for Women, SG Surf Snow Skate Girl Magazine, local San Mateo newspapers, SurfPulse.com, and more.

Thank you for your dedication and support. We look forward to putting on another great 2004 event!

WATERWOMEN: A LOOK AT WOMEN'S SURFING ON THE PACIFIC COAST

Surfing is the fastest growing sport for women in the United States, after golf, and women make up more than twenty five percent of all surfers around the world, according to a recent study done by a leading sports industry association. Unfortunately, the extremely thin, young, non-surfing models that are still often used to illustrate articles or sell products in surf magazines do not reflect the diverse group of women and girls I see taking to the waves. In an attempt to show people a more realistic image of women surfers, I decided to embark upon a series of photographs capturing the emerging scene. In 1997, I began bringing my 35mm camera to the beach and would shoot photos after I surfed. I had started surfing in the mid-'80s, and I was delighted to see women finally take to the water in large numbers. At the time, there were no surf magazines devoted to women, and it was extremely rare to see a woman pro amongst the male-dominated pages of traditional surf magazines.

Inspired by early surf photographers Ron Church, LeRoy Grannis and Doc Ball, my photos tend to be a little more grainy, a little more raw, sometimes to the point of being abstract. I combine portraits and documentary style photos with action shots taken with a long lens from the beach, and with a water housing in the lineup. I feel that if my photos were like the typical surf shots seen in magazines, people would not look at them as carefully. Instead, the series emphasizes the strong, beautiful waterwomen I meet on the beach and in the water. Thus far, I have compiled a portfolio of more than 500 women and girl surfers. The women in my photos come from many different backgrounds and are of all shapes, sizes, ages and surfing abilities. I'm much more interested in photographing a teenage girl learning to ride her first board or mother with small children who carves out one day a week to get out into the water, rather than a seasoned pro.

My photographs have appeared in ads, newspapers, magazines, and in first book on women's surfing, *Girl in the Curl*. My work has also been part of exhibits in galleries and museums, and is part of the traveling surf show: SurfStyle (www.surfstyle.org). The main objective of my photographs is to make women; both surfers and non-surfers alike feel better about themselves, and to acknowledge them in a positive way as athletes and enthusiasts. I hope to act as an agent of positive change, dispelling myths and altering the way all women are portrayed in the media.

The Richard Schmidt School of Surfing

The school operates in Santa Cruz at some of the best surf spots along the entire West Coast. The coastline is part of the Monterey Bay marine sanctuary, which is an area of conservation and beauty, stretching from Santa Cruz, South to Big Sur.

- Group lessons are available at \$80.00 per person (two-hour class). Any subsequent group lesson is \$60.00 per person.
- No more than 4 students per instructor
- Private lessons are also available at \$80.00 per hour
- Wetsuits and surfboards are provided

"Over the past 20 years I've introduced people to surfing from ages 3 to 70. I've found that, with the teaching techniques I've developed, the only prerequisite for learning to surf is to know how to swim! I [guarantee](#) it.

"Don't hold back--let me or one of my qualified [instructors](#) introduce you to the sport of kings.
